

A Tradition of Excellence-A Vision for Tomorrow

To Whom it may concern,

HNH provides an excellent and convenience to our school system and the parents of our children by providing the option of in school vaccine administration. This company strives on being knowledgeable about their vaccines. They are professional, well organized and proficient making sure students do not miss valuable education time. Each and every person we have come in contact with has been very friendly, attentive and creates a comfortable environment for the children as the vaccines are administered. Lee County Schools will continue to utilize HNH clinics to help provided these vaccines to our children.

Thanks,
Janice Phelps MSN RN
Lead Nurse
